Cosmetic and Family Dentistry

WELCOME TO OUR PRACTICE!

Because your dental concerns are our priority, we strive to provide you with the highest quality dental care. That is why we keep abreast of new dental techniques and continually improve our professional skill and judgment. Most importantly, we are sensitive to our patient's feelings and encourage open communication about your dental care.

On your first visit with us, we will listen carefully to your dental concerns and attempt to answer all of your questions thoroughly. If you are to see the dental hygienist, she will take only the necessary X-rays, give a preventive teeth cleaning, and discuss the most appropriate treatment to meet your oral health goals. You can expect a thorough oral examination.

If you need to reschedule an appointment, please give us 48-hours notice. Unless an emergency occurs, you can expect us to be on time. We appreciate your being prompt also.

Enclosed you will find our health questionnaire. Please complete it at your convenience and bring it with to your appointment. If you have dental insurance, you will want to bring your insurance card with you for us to photocopy for your file. Our receptionist should have discussed your insurance and payment arrangements when your appointment was made. If you have any questions, please call us now.

We look forward to meeting you on _____ at _____.

Again, if you have any questions, we encourage you to call us at the above number.

Cordially,

**Dr. Steven F. Curet
Dr. Angela L. Lampley**
